

Northside Dermatology Aesthetics Presents:

“SKIN” In The News

Welcome to the first edition of our quarterly newsletter. Healthy skin is beautiful skin and at Northside Dermatology, we are dedicated to helping you revitalize, enhance, maintain and protect your skin’s natural beauty. No matter what your age, you can take control of your skin’s appearance. We hope you will find our newsletter informative and look forward to your comments. As always, feel free to contact Danette with all your skin care questions.

INTRODUCING

Intellishade SPF 45 Matte

An oil-free tinted moisturizer, with sunscreen and anti-aging peptides. While Intellishade protects you from the harmful rays of the sun, it also moisturizes and fights photodamage, which causes premature aging. It gives your skin a silky, beautiful glow.

The Revision skincare line has a wide variety of skincare products that will fit any skin type. It is very important to protect your skin from the sun's damaging rays not only to prevent skin cancer but also to prevent premature aging. Follow their seven key steps to unlock your beautiful skin. Remember...

“Wisdom comes with age, wrinkles don’t have to.”

CHEMICAL PEELS AND FACIALS

Chemical peels are a great way to keep your skin looking fresh they help to improve the tone and texture and clarity of your skin, reduce age spots, freckles and hyperpigmentation. They stimulate the production of collagen and elastin, which will reduce fine lines and wrinkles and give a firmer skin tone. Chemical peels and facials are also a great way to manage acne.

Prom Special

Come in and get pampered before your big night.
Enjoy a **relaxing** one hour **facial** and

The logo for Latisse, featuring the brand name in a blue serif font with a stylized eyelash graphic above the 'e'.

*Get the long dark luscious eyelashes that you have
always wanted with Latisse.*

Latisse is the first and only FDA approved prescription treatment for hypotrichosis used to grow eyelashes, making them longer, thicker, and darker. Call to set an appointment with Dr Kuhn to see if Latisse is right for you. (Latisse's buy one get one free offer ends April 30, 2011.)

Once you get your longer fuller eyelashes, we also offer eyelash and brow tinting. Imagine – no more mascara.

We hope you have enjoyed our first edition.
We look forward to hearing from you.
